The diagram illustrates a bus system with two masters and one slave. On the left, two masters are shown, each with a 'BYE' label and a box containing 'G1' and 'G2'. On the right, a single slave is shown with a 'BYE' label and a box containing 'G3'. A horizontal line represents the bus, connecting the masters to the slave. The slave's box is larger and positioned lower than the masters' boxes, indicating it is the destination of the data transfer.
